**2-player Team Best-Ball Stroke Play Rules**

- Each player plays their own ball and must play out the hole. Trackman will automatically record gross and net scores on each hole.
- Final team score is lowest net score for a single player on the 2-player team.
- Net team score is determined by a single player's best gross score (minus) Trackman hole handicaps. Hole handicaps are assigned a single stroke at a time to the hardest holes first. Net team score is totaled for all 9 holes.
  - o Ex. Player B has a 9-hole handicap of 12. They receive 2 handicap strokes on each of the three hardest of the 9 holes and 1 handicap stroke on the remaining 6 holes. Player A has a 9-hole handicap of 2. They receive 1 handicap stroke on the two hardest holes (handicap ranked 1 hardest to 18 easiest).
  - o Hole #1 (a par 4) is the 3<sup>rd</sup> hardest hole for the 9-holes. Player B scores a 6 for a net score of 4 (-2 handicap strokes given). Player A scores a 5 for a net score of 5 (no handicap stroke given). The team net score is 4 for the hole.
  - o As a team, they net score 4, 3, 5, 4, 4, 5, 4, 3, 3 for a total net team score of 35 (-1 under par).
- Top 8 teams advance to 3-week single elimination playoffs. Should one of the top 8 teams elect to not participate in the playoffs, the next ranked team will be invited to participate.

**Additional League Rules:**

- **Ties:** In the event of a tie, those teams will split the payout and points for that place and the subsequent place or places (based on the number of teams that tie).
  - o Ex. if two teams tie for 1st place, those teams split 1st and 2nd place payouts and points. The next lowest score team will receive 3rd place payout and points.
- **Alternates/ subs:** Each player is responsible for finding their own substitute/ alternate player. Original absent player is still responsible for all league and bay time fees.
- **Teams of one:** If only one original team player is playing, that player can play both shots but will receive a handicap of 0 for the second player. (Reason: it is advantageous to be able to hit the same shot twice, thus wiping out all handicap benefits).
- **Handicaps:** Trackman Indoor Golf System handicaps will be used each week and will adjust weekly. If a Trackman IGS handicap is not established, first alternate is a GHIN/USGA handicap. Second alternate handicap is calculated once player has completed at least two weeks of league play and a handicap can be calculated. Third alternate handicap is a default handicap of 4.5 will be used until the player has established a Trackman IGS handicap.
- **Payment:** All payments must be completed prior to the start of league play per the payment schedule. For any players past due, scores will not be counted until payment is up-to-date.
- **Cancellations:** Team cancellations 7-days prior to the start of league will be refunded their league fee less any non-refundable transaction fees. Team cancellations after the start of league play and prior to week 3 will be subject to full payment of first 5 weeks of league fees. Team cancellations after week 3 are subject to full payment of all 10 weeks of league fees.
- **Gambling/ side bets:** D'Lance Golf is not responsible for any gambling including side bets. Any gambling/side bets is the sole responsibility of those teams involved.
